

October 7, 2019

Dear Grade 7 Parents,

Nelson Heights School has had many new registrations this school year. This has occurred at all grade levels and has seen our current school count climb to almost 350 students. Grade 7 has received the highest number of new registrations. As of today, all three Grade 7 homerooms are over 30 students.

Recently, we received permission to add another teacher to help reduce class size. This is great news. We are pleased to announce that Miranda Fraser Goertzen has accepted this new position at NHS and will be teaching a fourth Grade 7 class. This class will run as a homeroom class with Mrs. Goertzen teaching all core classes.

Over the next few days administration will be working with students and teachers to create four new Grade 7 class lists. Our goal is to make necessary changes to the timetable and minimize the disruption for all students at NHS. Our timeline is to have the classes and timetable ready and implemented on Tuesday, October 15, when students return from Thanksgiving. Until then, we will continue with current homerooms and timetable.

Sincerely,

Jason Whaley
Principal
Nelson Heights School
